HOW CAN EMPLOYERS ADDRESS SERIOUS CAL/OSHA CITATIONS?

Cal/OSHA's regulations and enforcement policies, and the Cal/OSHA Appeals Board's decisions, are challenging California employers as never before. Learn how to remain profitable while meeting the demands of regulations that can often be difficult to interpret.

This presentation will:

- Prepare employers for a Cal/OSHA inspection
- Include invaluable tips for getting through the inspection process
- Clarify the Cal/OSHA appeal process

Lisa Prince, Attorney at law
Walter Law Firm

As an associate with the Walter Law Firm, Lisa works with employers, safety directors, risk managers and human resource administrators on the development of effective preventative safety programs that answer regulatory mandates. Lisa is a member of the Labor and Employment Sections of the American, California State and Sonoma County Bar Associations, the American Society of Safety Engineers, and the Safety and Health Council of the Associated General Contractors of California (AGC).

March 19, 2008

*Registration and complimentary continental breakfast begins at 7:30 a.m.
Seminar is 8:00 a.m. - 12:00 p.m.*

Hilton Hotel
7050 Johnson Drive
Pleasanton, CA 94588

CAL/OSHA'S TEN MOST CITED VIOLATIONS

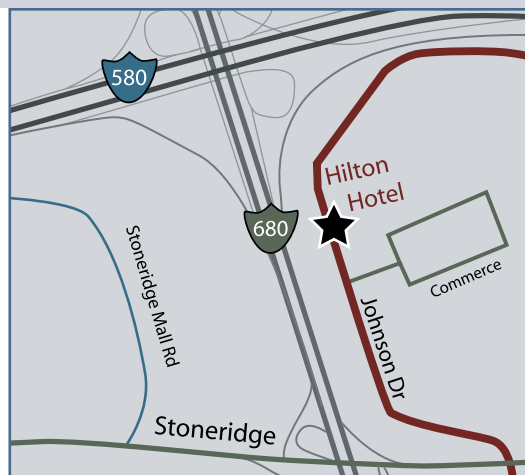

Learn the 10 most cited General Industry Safety orders from a Regional Senior Safety Engineer with years of experience in Cal/OSHA's Enforcement Unit.

How you will benefit from this session:

- Understand the inspection process and your rights
- Learn what written programs you must have
- Hear what industry groups are placed on the High Hazard Targeted Inspection List
- Find out how to use the free Cal/OSHA Consultation Service

Michael Donlon, PE
Senior Safety Engineer, Cal/OSHA

Michael Donlon, PE is a Senior Safety Engineer with 16 years of industrial, construction and electrical safety experience. He currently works in the Cal/OSHA Professional Development and Training Unit where he develops training programs for Cal/OSHA engineers. Prior to this, he worked in the Enforcement Unit conducting inspections and accident investigations. Michael has a degree in Mechanical Engineering and is a Registered Professional Safety Engineer.

AN INTRODUCTION TO STATE FUND'S BACK CONNECTION®

State Fund's Back Connection® is an innovative and interactive process which is completely different from any other back injury prevention program. It is a process that involves your employees who are the key to back injury prevention. State Fund's Back Connection® is an educational and easy to use DVD designed for all types and sizes of businesses.

What are you looking for?

- Involve employees in back injury risk identification
- Develop and maintain a successful back injury prevention process
- Integrate back injury prevention into your business

This presentation will give you an overview of State Fund's Back Connection® and show you how to integrate this unique process into your back injury prevention efforts.
